“ This woman was truly one of a kind. It goes without saying that she will genuinely be missed by everyone & I'm grateful to have known such a gem. Alicia could make anyone laugh & that is something I have held onto all these years. We didn't talk often but stayed in contact over the years. To this day we had inside jokes from things that happened almost 20 years ago. She is the only person who understood my love for Haka & would always share things that made her think of me. Her passing hit me hard & I truly believe that it's bc this world's light got a little dimmer with her gone. She is with Nathaniel now though, & I know she is at peace. Sending love to her entire family & anyone who loved her! ❤️
