“ From the first year I joined the CASHS Faculty, till the last time I saw Tony after he had retired, what impressed me most was the friendly and thoughtful way he talked with everyone about everything. Every place I met with him, We shared thoughts and humor with a light heart and a good laugh. Tony was an unforgettable friend with a lot of people because he was genuine and a true people person. I always enjoyed his company. Rest In Peace Dear Tony! Nicholas T. Zervos

“ The CASHS Class of 1968 has heavy hearts after learning about the passing of one of our beloved class advisors. Mr. Memmi was more than a great educator and advisor to our class. He was our friend. He attended every class reunion including our 50th, we celebrated in September, 2018. He was relatable, caring and he genuinely loved our class. We will truly miss you Mr. Memmi. Our condolences to his family. Blessings, Rhonda Yeager Keefer, The Reunion Committe and the Class of 1968

“ I taught across the hall from Tony for many years. He was an excellent teacher and I learned much from him. He was also a good friend who often did favors for me when I needed someone to help me out. I will fondly remember him and will always be thankful for his friendship. I offer my sympathy to Tony's family and loved ones. I regret that I will not be able to attend the visitations and funeral for Tony but he will be in my thoughts. He will be missed.

“ Mr. Memmi was our next door neighbor on Catherine Street. He was a great teacher but an even better man and neighbor. God bless you Sir! Thank you for teaching me my very first computer programming language - FORTRAN IV. That sparked my geek interest. Now I am a Director and Technology Client Leader for the top HR consulting cloud and mainframe private US firm. Without that initial guidance from my lovely neighbor and teacher, I may not have been as successful. Thank you Mr. Memmi for being so great at all you did for us kids! May His Perpetual Light Shine Upon You for All Eternity. Rest in His Peace.

“ When I had my first year of Algebra, I failed miserably. Thank goodness my parents made me go to summer school. And, Thank God I got Anthony Memmi as a teacher!! What that other teacher couldn't cram into my head all year, Mr. Memmi did in 2-3 weeks!! He had me doing algebra problems in my head! It was so easy the way he taught just made it all so clear. I went on to take higher math classes all through high school. Some years later, maybe 20 years, I happened to run into Mr. Memmi in a club and I'm glad I had a chance to thank him for what he did for me. What a great teacher he was.
