“ Dear Drayton family,
I am very sorry for your loss. A scripture that encouraged me very much when my grandma died is Psalms 34:18. It says "Jehovah is close to the broken-hearted and those who are crushed in spirit he saves." We can be sure that Jehovah God loves us and knows what we are going through when we lose a loved one in death.

“ Today i saw your physical form for the last time and i cant believe it. You were taken way too soon for many but right on time in gods eyes. He wanted you by his side. To make him and his angels smile as you did so many here on earth. I just pray when i reach the clouds and stand at the gates you are there so i can see you again even though i know you will be with me always. I love you sissy. Always and forever, love, your baby bro.

“ Candi and I shared so good and bad times together. She taught me a lot about who I am and how I want to live my life. Life is too short and just when you think you have time make changes a wrench gets thrown. To Candi's family I extend my condolences she was and will be greatly missed.

I have so many great memories with you, you were more than a friend you were like my big sister, you always had my back when I was in need and even when I wasn't... you took me in when I had nowhere to go and you always made sure that I made the right decision, we fell put but managed to find our way back to one another and I will always cherish the memories we had together... my heart is breaking right now because it has been years since I've seen you I never had the chance to say goodbye and you never had the chance to meet my daughter... i wish I could have seen you sooner i guess i boughtthis wwouldn't happen and that we had plenty of time to catch up... The last time we talked you told me how great I was doing and we were going to plan a date to hang out... “ As much as you have gone through you always had a positive outlook on life. I wish one day I have your strength. We spent our entire childhood together, walking to people's, goin to church, watching the movie Grease and just playing with other kids near your house. Aunt Saun made your home feel like our 2nd home. It was a great time I will never forget. You will always be in my heart. Tell Ashley I miss her. I love you
