“ My condolences to Frank's family, Frank and I shared interests in flying, agriculture and hunting. He made visits to the farm here to hunt whitetail. He loved his muzzle loaders. We shared many times of the challenges of being an educator at C.A.S.H.S.

“ Frank and I taught together for over 30 years at the high school. We worked many, many long hours together in the CAEA. My son Max was in Frank's Business Law class. Frank shared flying to regional airports for breakfast.

Many, many great memories. My favorite was posting on the men's faculty bulletin board, "Where's Brownie?" when Frank and Karen's dog Brownie was lost or missing. Frank is probably grinning down at me now.
