PS

“ Hello- I used to live in chambersburg, and often follow obituaries in public opinion newspaper online. I do this because I never want to miss an opportunity to send a card or an email to an old friend, classmate; or even send my thoughts to someone who's lost their father, mother, daughter or son. Your son's photo caught my eye. When I gazed into his face, I saw a gentle and kind expression. I know he was loved by his siblings and friends but especially by you. One of the greatest gifts one can give to another is - a total acceptance, with absolutely no conditions attached. Please know that your son is truly - At Peace In The Gentle Arms of a Higher Being. Please accept my sincere thoughts and prayers. Rest in peace dear son. You were deeply loved by many.
