“ On behalf of all Jean's Aerobic Dancing friends, please accept our heartfelt condolences. We all met her when the program began at the Y in the 70's and she continued in the exercise program until her 80's. We have many fond memories and stories of the classes and music we danced to over the years, and she was told that was the reason she was in such good shape by her doctor. It was a privilege to have Jean in our class and I know she was an inspiration to all the girls.
