“ *There are now adequate words to express my sadness at Leisha’s passing. She was a lovely woman- always with a smile and a kind word. She spoke in glowing terms of every member of her family every time I saw her and asked how everyone was doing. May looking back in memory bring comfort in this difficult time.*  
*With my deepest sympathy,*

*My heart is broken to hear of my friends passing so suddenly. We were friends for many many years. She was the person who would always be there for someone and she loved her family deeply as they were her world. I'm saddened I did talk to her more often as we grew apart over the years. I have so many memories but the one that stands out the most cherished one I will always remember she was in the delivery room with me when I gave birth to my daughter 25 yrs ago. She was one of the most caring, likeable people you would ever would want to know in life.*  
*I will remember you always and never forget the friendship we shared...I love you Leisa ...until we meet again in Heaven. Please look down on your children and guide them towards peace & strength*

“ Leisa,

*I want you to know how grateful I am for the love and kindness you have shown me.*

*From the moment I became part of the family, you welcomed me so warmly and never made me feel like anything less than a blessing in your life. I will always carry that with me.*

*I will never forget you telling me that you could not have chosen a better life partner for Rashad than me. Those words meant more than you knew.*

*Thank you for loving my children so openly. That love will stay with us always.*

*You are deeply loved, and your kindness will remain in our hearts forever.*

*Love,  
Tab*
