

Ms Mary Virginia Worrell

June 23, 1952 - January 12, 2021

Mary, you were always the quiet sister, standing by, but, stepping in when necessary. We weren't able to spend time together these past 30 years, but you were always on my mind. I often wondered how you were really doing, when you said I'm okay?? I'll always remember our time together as children, dreaming about what our futures would be. Wondering what travels we would embark on, and the faraway places we might visit. You, Mary, were always the same quiet unassuming down to earth self. I'll miss you! We all love you!!
