“ *There is no easy way to say Goodbye*

Sometimes I laugh yet often I cry

Too young you were when this earth leaving

In Heaven I will see you my heart is believing

So many memories as you touched everyone

What an impact you made with all the laughter and fun

We watched you grow into an adult from a child

And though we are apart it's just for awhile

The world is less sparkly now and a bit more grey

But Heaven is so much brighter since you entered that day!

“ *May all the family find peace in the possibility for reconnection for everyone if not on earth, then in heaven. To Lynn and Nick especially, no one is ever ready to say goodbye to their child. We are praying for you.*

“ *You will never know how important you were to this family.. I wish we had not become disconnected as you grew older. I will carry with me the memories of our vacations to Myrtle Beach and you getting to see the ocean for the first time. The many weekends you and your cousin Nicole spent at Granny's house watching wrestling and getting granny to order pizza. I wish you knew that you were important. I'll miss you!*
