“ *So sorry to hear of your loss. Sending prayers to Donna and the family for comfort during this time. Tom was a wonderful neighbor to us for many years. My grandson Austyn would walk out the door saying I'm going up to talk with Tom. I know they shared some good stories! We all thought highly of Tom but especially Austyn. We will miss him greatly. With love, Kim, Rick and Austyn.*

“ *I've known Tom for about 15 years. Tom was the best pap to my kids, always asked about them, called, and came to visit them often. There aren't many people we ever trusted with Flynn when he was little and Tom was one of them. He was also my husband Trey's biggest fan and best advice giver. His absence is and will be a profound void in our lives. When you have someone who is just so open to love you and your kids you can't ask for anything more. We promise to never let your memory fade and to always remind the kids they have the best guardian angel ❤️*

“ I will always remember the times we had together playing Football, Baseball and Track. But most of all the things we shared in and out of High School.  
Class of 73 has lost another one way too soon. RIP "Tank".

“ Tom, you were my hero, my big brother when I was a tomboy letting me tag along with you and your friends, always beating me at chess, helping me get my head together when I had cancer and bringing me back to the Lord and reading my bible. I love you so much big brother. I don't know how I'm going to cope now. I'm in such pain over losing you. I'll look forward to the day I get to see you again. I hope you'll be waiting for me, calling me the nick name you gave me in the 70's and still call me "Buck." I can't believe you are gone. I love you so much!! Jeanne "Buck"

“ I carry my dad with me everyday. I'm more like my dad and carry more of his traits with me than anybody would ever realize. His impact on my life has carried me into adulthood and will carry me the rest of my life from the skills and other things that he taught me that I will go on to teach my children and others. I love you Dad and I hope you're at peace finally and know how important you were to shaping the man I am today
